FROM THE DEAN'S OFFICE

Welcome back to all faculty, staff, and students and a special welcome to all new to the campus; we are very glad you are with us.

Since this year is an election year, our orientation theme is in keeping with that: "Primaries at Mount St. Mary's" and our faculty/staff theme is "Celebrating Success." Each of us succeeds when we develop our own potential and talent and when we help others to do so. This year, let us make use of the many opportunities at the Mount and encourage one another to discover new ideas, concepts and the many hidden gifts each person has.

Our Wednesday series is one example of an opportunity that will present challenging ideas. The one unit courses centered on different themes in the election are another means. Participate; become an informed, interested, active citizen.

I look forward to an exciting election year and hope that each of us will become an active participant in learning the election issues and voting to voice our position.

If I can assist you or make it a better year for you, please come by my office in Bldg. #10 and ask any questions, offer suggestions, or let me know your concerns.

LOCKERS? Commuters who don't want to carry their books around all day or make the walk back and forth to the car between classes are just the ones in need of a locker! If you don't have one, come by Office #4, Bldg. 7 and get one this week.

BUS PASSES? If you are a user of the RTD, be sure to come by for your bus pass application. You then need to take it to an RTD Service Center and get the actual pass. Get yours today and start saving some money!

HORIZONS' BUS? Reminder: if you signed up for the bus/shuttle to go to Chalon for Horizons Day on Wednesday, be sure to check the Bulletin Board in Bldg. #4 for departure times. It is important that those who actually signed are sure to show up -- otherwise it is a waste of your good money! Be there or let Sr. James Marien know that your plans have changed.

The Next President? Who Cares?

In California, the real election issue is car insurance

When it comes to outlandish trends and popular revolutions, California often sets the agenda for the rest of the U.S. The 1978 passage of the state's Proposition 13, which slashed property taxes by nearly 60%, sparked a nationwide taxpayer rebellion. Now Californians may be in the vanguard once again. A powerful grass-roots revolt against painfully high car-insurance rates is roiling the state where people live to drive.

California's car-insurance rates are the third highest in the U.S., trailing only New Jersey's and Alaska's, according to A.M. Best, an industry research firm. (The company cautions that it is difficult to compare rates accurately because insurance laws differ from state to state.) Between 1982 and 1986, Best found, average annual premiums in California jumped 59%, to nearly $600. Nationally, average premiums increased 48%, to $440, during the same period.

California consumer groups have placed on the November ballot a referendum to cut insurance costs and reform the industry. Insurance companies are retaliating with three initiatives designed to reduce their payouts. As advocates of the rival measures trade barbs and hustle votes, they are spending plenty—$60 million, $40 million of which will come from the insurance industry. It is by far the most expensive state election contest ever waged, costing close to two-thirds of the $100 million that the Republican and Democratic presidential campaigns are expected to spend this year.

For the industry, the stakes are enormous. California's 15 million insured drivers and $9.7 billion worth of annual premiums represented 15% of the national market for car insurance last year. Says Sean Mooney, a senior vice president of the Insurance Information Institute, a trade association: "There is some feeling that if consumers win big there, it would give an impetus to self-styled consumer types and trial lawyers in other states."

DISCRIMINATION BY LOCATION

Annual premiums for a typical insurance package (including $100,000 of liability coverage and a $500 deductible on collision damage) on a 1988 Buick Regal for a 30-year-old man with a clean driving record:

In Bakersfield	In Beverly Hills
$656	$2,094

COURTESY PERSEE AUTO CENTER

A Ralph Nader–backed consumer group called Voter Revolt to Cut Insurance Rates is pushing for Proposition 103, which would slash rates 20% and force companies to win regulatory approval before raising prices again. The insurance companies are staunchly opposed to any new government regulation. The measure would also prohibit firms from charging unusually high premiums solely on the basis of location *(see illustration)*.

Among the measures supported by insurance firms is Proposition 104, which would institute no-fault coverage. Another proviso of the initiative: for the portion of any award over $100,000, a lawyer could charge no more than 15%. In response, the state's trial lawyers have banded together to push their own plan, Proposition 100. It rejects limits on legal fees and mandates changes in the law that would result in 15% lower insurance rates.

Conceivably, the voters could approve all the competing proposals. If that happened, the proposition that gained the most votes would become law in its entirety. Others approved by a majority of voters would also take effect, but would be stripped of provisions that contradicted propositions that got more votes.

Despite the potential for confusion, the outcome may be an uncomplicated win for the Nader-backed Proposition 103. In a statewide poll, 80% of those surveyed said they would reject any initiative backed by the insurance industry and 82% opposed any measure supported by lawyers. —*By Barbara Rudolph. FROM THE DEAN'S OFFICE

"THE WEDNESDAY SERIES"

Next WEDNESDAY, OCTOBER 5, from 1:10 - 2:40 p.m., in the Lecture Hall, you will have a rare opportunity to witness California history in the making! On that day, representatives of the five automobile Insurance Initiatives being offered on the November ballot are COMING TO THE DOHENY CAMPUS to debate the well-publicized and hotly-contested issues in this campaign. You have all read about the wildly conflicting claims of proponents of each of the propositions: 100 (TRIAL LAWYERS), 101 (INSURANCE), 103, (VOTER REVOLT-CONSUMERS), 104 ("NO FAULT - INSURANCE), and 106 (INSURANCE); now is your chance to listen to their arguments--and ask YOUR questions--and then cast your vote in a "Special Election" following the program. These representatives are eager for you to hear their sides of the issue, and they welcome your questions, your concerns and your vote!

The issue of auto insurance is one which affects us all, and it is important for you to know the TRUE meaning of each initiative--and how it will help or hurt you and your family. BE AN INFORMED AND RESPONSIBLE VOTER! (Voter registration will be available at the event.) Refreshments will be served after the program.

FACT SHEET: SUMMARY OF PROP 103

Automobile and general liability insurance rates have escalated dramatically over the past several years to the point where they have become an unaffordable financial burden on consumers and businesses alike. Despite an unprecedented grassroots campaign involving over one hundred citizen organizations representing millions of Californians, the California legislature has been unable to enact comprehensive reforms of the insurance industry to address the insurance crisis - - because of opposition from the mighty insurance lobby.

VOTER REVOLT has launched Proposition 103 which will **directly reduce the cost of liability insurance** for California insurance consumers.

Problem: Unaffordable Insurance Rates

Insurance companies are free to raise insurance premiums by any amount at any time. California is the only major state in the nation that has no meaningful control over insurance rates.

Prop 103 will rollback the current, unjustified insurance rates and reduce them 20%: future rate increases will have to be justified by the insurance companies and approved by the Insurance Commissioner prior to their use. The initiative will cut insurance costs for every Californian.

Problem: Insurance Commissioner Unaccountable to Voters

The Insurance Commissioner is a political appointee, usually an executive of the insurance industry.

Prop 103 will mandate that the Insurance Commissioner be elected by the people in the November 1990 election.

Problem: Arbitrary Rates

Insurance companies base auto insurance rates upon unfair and arbitrary classification factors such as a person's zip code, which consumers have no control over, penalizing good drivers and forcing them to subsidize bad ones.

Prop 103 requires that auto insurance premiums be based upon a drivers safety record and number of miles driven. This gives drivers the incentive to drive safely and conserve driving, giving them control over their insurance rates. Further, all insurance companies will be required to offer Good Driver Discount Plans at a rate 20% below the regular rate.

Problem: No Competition

The insurance industry is exempt from the state's anti-trust laws, which prevent all other industries from sharing price-setting information and from making business decisions collusively.

Prop 103 strikes down this undeserved exemption from the state's anti-trust laws.

Problem: Revolving Doors

Officials of the Department of Insurance commonly have close ties with the insurance industry; they may have financial interests within an insurance company, they may hold a position with an insurance company, or they may return to the industry at the end of their tenure with the Department.

Prop 103 stops the conflict of interest by prohibiting any deputy or employee from having any material financial interest or holding any position in an insurance company, and it bars the commissioner and deputies from assuming a position within the industry for three years after leaving office.

Problem: Insurer Secrecy

The insurance industry currently does not have to disclose to the Department of Insurance, or to the public, information which is essential in order to determine whether rates are fair.

Prop 103 requires full public disclosure of finances, including investment income and other relevant information.

Problem: Lack of Consumer Participation & Representation

The complexity of the insurance business and its regulation hinder participation in the debate over insurance rates because consumers do not have the time, money or the technical expertise to be effectively involved.

Prop 103 creates an intervener funding mechanism (as currently exists for participants before the Public Utilities Commission) to encourage individuals and non-profit organizations to intervene in insurance matters.

PROP 103 INVOLVES NO COST TO THE TAXPAYERS!!

Any administrative or operational costs will be paid through a schedule of surcharges to be paid by insurers who conduct business in California.

Paid for by Voter Revolt to Cut Insurance Rates, a project of the Access to Justice Foundation. Charitable contributions to Voter Revolt are not deductible for federal income tax purposes.

Five Propositions: ONE Responsible Choice

PROPOSITION 100

The Good Driver Initiative -- sponsored by the Insurance Consumer Action Network (ICAN) -- is the only proposition that offers responsible, comprehensive reform of the insurance industry. It guarantees:

● **An immediate 20% auto rate reduction for good drivers and future 20% discounts.**

● **Your auto rates will be based primarily on your driving record,** rather than where you live.

● **Repeal of the insurance industry's special interest exemption from anti-trust laws.** Insurance companies will no longer be free to fix prices. They will be subject to the same laws that currently prohibit every other major industry from engaging in anti-consumer activities.

● **Protection of seniors by cracking down on fraudulent and abusive practices in the sale and advertising of senior health care insurance.**

PROPOSITION 101

The Coastal Insurance/Polanco Initiative is **sponsored by the same insurance companies that specialize in writing insurance policies for drunk and reckless drivers.** Designed to protect their profits and their clients, Proposition 101 would:

● **Shift the cost of auto accidents away from insurance companies and onto YOU -- the taxpayer, the consumer, the employer and the employee.** Before your auto insurance company would legally have to pay you one cent, YOU would be required to first use all benefits available to you from other sources, including: your sick leave, vacation time, workers' compensation, private health insurance, social security and disability.

● **Let drunk drivers off the hook and reward them with the same rate reduction it gives other drivers.** It would actually give drunk drivers a 50% rate reduction in the bodily injury portion of their auto insurance.

● **Not guarantee one penny's reduction in your overall auto premium.** The insurance companies financing Proposition 101 cleverly mandate a reduction in only a portion of your premium and only for a few years. They would simply makeup the difference -- and then some -- by raising the other portions of your premium.

PROPOSITION 103

The Voter Revolt Initiative -- sponsored by Access to Justice -- is a well-intended but poorly drafted measure. **It contains fatal flaws that render it wholly unacceptable.** It would:

● **Reward convicted drunk drivers with a 40% so-called "good driver" auto rate reduction!** Proposition 103 reduces insurance rates across the board by 20% and then gives an additional 20% reduction to so-called "good drivers". But the initiative fails to *exclude* drunk and other irresponsible drivers from "good driver" status and would thus mandate insurance companies to give drunk drivers a 40% auto rate reduction.

● Make the Insurance Commissioner an elected office but **place absolutely no limits on insurance company campaign contributions to the Insurance Commissioner.**

PROPOSITION 104

The No-Fault Initiative is sponsored by the insurance industry -- the very folks who continue to increase your rates while they rake in record multi-billion dollar profits (on which they pay little or no federal taxes). **At 122 pages and 20,000+ words, Proposition 104 is filled with profit-motivated fine print that would:**

● **Reward reckless drivers.** No-fault lets them off the hook for the accidents they cause. Suppose a reckless driver hits and injures you and your family. Under no-fault, you could no longer hold the driver responsible. YOU have to try to recover your losses from your OWN insurance company. You know what that means: Right, your rates will probably go up.

● **Virtually guarantee your rates would go UP, not down.** There isn't a single word in the 122 page document that guarantees YOUR auto rates will go down one penny. Furthermore, the experience of other no-fault states is an increase in rates! That's why no state has adopted no-fault in over a decade and two have repealed it.

● **Allow the insurance industry to rewrite the insurance laws!** Although called the "No-Fault" initiative, only one-third of the measure even relates to no-fault. The other 80 pages lock into law a host of unfair and abusive industry practices that guarantee higher profits for them and higher rates for YOU!

PROPOSITION 106

The Contingency Fee Limit Inititiative, also sponsored by the industry, is on the very top of insurance company lawyers' wish lists. It would:

● Give insurance companies and corporations an overwhelming advantage against the average Californian. **Limits only YOUR lawyer, not the legal armies of lawyers of the insurance companies, major corporations and product manufacturers.**

● **Not reduce insurance rates.** Even the industry's chief spokesman is on public record stating that Proposition 106 would not lower premiums. This initiative does nothing to address the real problems of increased insurance rates and runaway industry profits. Californians want genuine insurance reform, not an initiative that would further stack the decks in favor of insurance companies!

ICAN/GOOD DRIVER INITIATIVE, SPONSORED BY A CONSUMER, LEGAL, FINANCIAL & HEALTH COALITION/ YES ON PROP. 100 OFFICE ADDRESS: 200 N. SEPULVEDA BLVD. #101, EL SEGUNDO, CALIFORNIA, 90245-1564 P.O.BOX 2463 (213) 322-1155

Dear

State Farm Mutual has been in business in California since 1928.

From the start, our goal has been to offer the best coverage at the lowest cost and give the best personal service possible to our policyholders. How successful we've been may be reflected in the numbers -- more than three million California cars insured.

We (and, probably you, too) are now faced with a dilemma.

There will be five initiatives on the November ballot dealing with "the high cost of automobile insurance." Sorting out what each promises or prohibits is difficult, to say the least.

Maybe we should start with the saying: "If it sounds too good to be true, it probably is."

Such is the case with Prop 100 and Prop 103. They just are not realistic in their claims.

Prop 100 says good drivers will get an immediate 20 percent rollback of automobile insurance rates. Prop 103 requires even more drastic insurance rate reductions. Neither of them provides for a reduction in the costs that make up the rates. Instead, they add costs by imposing a maze of bureaucratic regulation and judicial review procedures.

Nor do they do anything to control the overuse of the court system in California where 52 cents of each contested claim dollar paid goes to someone other than the injured party.

Our studies show major factors in the soaring cost of auto insurance here are drivers who file false or exaggerated claims and lawyers who encourage costly, frivolous lawsuits. Neither Prop 100 nor 103 deals effectively with these problems.

State Farm believes Proposition 104 will best enable us to hold down our costs of doing business and hold down the price of insurance to you. Our best estimate is if Prop 104 passes, it will produce savings that will let us offer you up to 20 percent off the price of your personal injury liability and medical coverage premiums. We also believe injured claimants would get substantially more of each liability claim dollar we pay out and get it quicker than they do now.

We intend to stay in California. We intend to continue to compete in the California auto insurance market. We intend to offer the lowest price and the best product and service. We do not think it realistic for us to promise we can do that if Propositions 100 and 103 are passed. Our hope is that you will:

Vote NO on Prop 100
Vote NO on Prop 103
Vote YES on Prop 104

SENATE DEBATES!!!

This Wednesday, October 19, from 1:10 - 2:40 in the Lecture Hall, you will have a chance to hear the representatives of U.S. Senator Pete Wilson and Democratic challenger, former LT. GOV. of California, Leo Mc Carthy, speak on the controversial campaign issues in the race for U.S. Senate. The surrogate speaker representing Mc Carthy is Eddie Tabash, a Beverly Hills attorney who also serves as the main speaker for the California Abortion Rights Action Group. The representative from the Wilson campaign will be Peter Kezerian, editor of the Law Review at U.S.C.

Bring your questions! Voice your concerns on issues such as protection of the environment, safe neighborhoods, and child care. (For example, Sen. Wilson [from San Diego, home port of most of the tuna fleet] has opposed efforts to lower the number of dolphins that fisherman can legally kill; the dolphins die when they become caught in the nets meant for tuna). Also see articles attached to this issue.

This is the second "Home" (Doheny) event in the special "Wednesday Series" programs featuring issues in the election campaign. Support your campus activities by taking advantage of these special programs. Refreshments will be served following the forum. You will have a chance to meet and talk to the speakers on an individual basis.

McCarthy, Wilson Trade Barbs Over Fees for Speeches, Gifts

By RICHARD C. PADDOCK, *Times Staff Writer*

SACRAMENTO—Democratic Lt. Gov. Leo T. McCarthy, seeking to take the offensive Wednesday in his bid to unseat Sen. Pete Wilson, criticized his Republican rival for accepting $176,000 in speaking fees from special interests during his first five years in office.

The Wilson campaign called the issue a "phony, election-year ploy" and charged that McCarthy had never tried to enact a ban on such honorariums when he was Speaker of the Assembly and had accepted nearly $30,000 worth of gifts and free travel during the same period.

The lieutenant governor, citing an ongoing probe of political corruption in the state Legislature, challenged Wilson's receipt of honorariums from groups that have an interest in congressional actions. In the Sacramento investigation, FBI agents are seeking to determine whether some lawmakers traded their votes for thousands of dollars in speaking fees.

McCarthy promised that if he is elected to the U.S. Senate he will introduce legislation prohibiting any member of Congress from accepting honorariums.

"It's time to take honoraria out of the system—and it's time to start putting honor back in," he said.

Noting that he has never accepted any speaking fees during his 20 years in state office, the San Francisco Democrat also said he would favor a ban on honorariums for state legislators but had no plans to propose such a measure.

In raising the issue of the honorariums Wilson received, McCarthy said he was not suggesting that the senator's votes were influenced by the money he accepted.

But he said Wilson received $14,000 in speaking fees from agricultural interests and $12,000 from lobbying firms that included defense contractors among their clients.

"If you take $2,000 from a special interest," McCarthy said, "you've got to expect that one day they'll come back to you and ask you to support them on an issue in which they have an interest."

Otto Bos, Wilson's campaign manager, noted that the lieutenant governor had never tried to win passage of a ban on honorariums for state legislators, even when he held the powerful post of Speaker of the Assembly.

"It's a phony, election-year ploy five weeks before the election by someone who has never lifted a finger about this during his 20 years of public life in Sacramento," Bos said.

Members of the Senate may accept no more than $35,800 a year in honorariums—40% of their salaries. Wilson has donated about $20,000 of his honorariums to charity, Bos said.

Cites Gifts, Trips

Although McCarthy has refused to accept honorariums, Bos charged that he has accepted thousands of dollars in gifts and free trips, including more than $28,000 in his first five years as lieutenant governor.

Among the gifts McCarthy received were a $2,540 trip to the Soviet Union paid for by the Jewish Federation Council of Greater Los Angeles, a $6,143 trip to Italy paid for by an Italian labor union and a $3,252 trip to the Middle East paid for by the National Council on U.S.-Arab Relations, Bos said.

In response, McCarthy said he did not recall ever taking a gift from anyone who had "the strong potential of coming to me and asking me to cast a vote for them."

The Wilson campaign also charged that McCarthy has improperly used state funds to send out letters alluding to his hope of defeating Wilson and moving to the nation's capital.

Includes Speech

The letters, mailed to 190 people interested in the issue of adult day care, included a copy of a speech McCarthy gave last month in which he said, "When I get to Washington, I'm going to be part of this effort to work for enlightened policies that will help seniors. . . ."

At another point in the letter, McCarthy talks about "where I'll be living in January—Washington, D.C." However, he made no direct mention in the letter of his race against Wilson.

Alan Katz, McCarthy's chief of staff, said the references to Washington were "innocuous" and did not violate state laws against using state resources to conduct a campaign. But he said McCarthy's campaign will reimburse the state for the $80 cost of the mailing to clear up any "confusion" over the letter.

In defending Wilson's acceptance of honorariums, Bos repeated Wilson's call for McCarthy to release copies of his tax returns for the last 10 years. McCarthy, who has become wealthy from a series of real estate investments, has released his 1987 tax returns. But McCarthy again refused to make his prior years' returns public, saying that he will not let Wilson "dictate" his actions.

Wilson Record Has Improved, Environmental Group Says

By FRANK CLIFFORD, *Times Staff Writer*

The U.S. Senate campaign in California took a surprising turn Thursday with the announcement by a national environmental organization that Sen. Pete Wilson's hotly debated environmental record has improved dramatically over the last two years.

As it often does in California campaigns, the environment has emerged as one of the most important issues in the 1988 Senate race.

The League of Conservation Voters, the political arm of the national environmental movement and no fan of Wilson in the past, gave the Republican Senator a 70% favorable rating, a score that places him well above the average grade for both Republicans and Democrats in the Senate.

Same as Cranston's

Wilson's score is identical to that given to Sen. Alan Cranston (D-Calif.), who is widely regarded as the Senate's elder statesman of environmental protection. The league's rating of Wilson, which is almost twice as high as the score he received for the years when he was not up for reelection, has caused a considerable stir in his opponent's camp and among some environmentalists. Wilson's latest rating is bound to throw more fuel on the controversy surrounding his complicated record on environmental issues.

Quickest to react on Thursday was the California League of Conservation Voters, which dismissed Wilson's high rating as "election year posturing." Tracy Grubbs, a spokeswoman for the California league, said that Wilson's favorable rating also failed to reflect several anti-environmental votes cast this year.

Last spring, the California league, which operates independently from its Washington counterpart, endorsed Wilson's Democratic opponent, Lt. Gov. Leo McCarthy.

The national league's score card has become an issue in the campaign because McCarthy has frequently cited Wilson's past poor ratings as evidence of a feeble commitment to the environment. Wilson voted the right way on important environmental issues only 37% of the time during his first four years in office, according to the league's rating system.

Roy Behr, who heads up research for the McCarthy campaign, discounted Wilson's latest score as an election year aberration, saying, "If you want a true reading of the man's record, you should look at those years when he was under no particular pressure to look good."

However, Wilson says he has never paid much attention to the league's score card.

"I haven't been following their index, and I don't go onto the floor with it in hand."

Wilson said he has grown more aware of certain environmental menaces, such as acid rain.

"As new evidence is presented, as we learn more about the dangers . . . yeah, I'd say I've become more attuned to them," Wilson said.

The league's score card shows that this year, for the first time, Wilson joined an ongoing struggle in Congress to pass legislation that would eliminate millions of tons of acid rain pollutants.

Wilson's record on the environment has been in the forefront of the Senate campaign recently as McCarthy, who trails in the polls, has sought to dispel the image that Wilson has erected of himself as a moderate with a respectable environmental record.

In so many words, the McCarthy campaign has accused Wilson of trying to sabotage the Clean Water Act, of turning his back on asbestos-ridden schools and of encouraging the slaughter of dolphins by commercial fishermen.

However, Wilson's record on those issues and others is not as clear-cut as McCarthy contends.

For example, the national League of Conservation Voters approved of Wilson's most recent vote on clean water legislation. Wilson voted in favor of a bill authorizing $20 billion in federal funds for construction of new sewage treatment plants and water pollution control facilities.

But two years ago, the league faulted Wilson for voting for an amendment that restricted the U.S. Environmental Protection Agency's ability to enforce the Clean Water Act in states where local enforcement was inadequate.

At different times, Wilson has voted both for and against legislation authorizing federal funds to remove asbestos from schools. The asbestos funding usually was included in catchall spending bills, and Wilson, who is a fiscal conservative, says that when he voted 'no' he was objecting to aspects of the legislation that were not related to asbestos funding.

Wilson is from San Diego, the home port of most of the U.S. tuna fleet, and he has opposed efforts to lower the number of dolphins that the fishermen can legally kill. The dolphins die when they become enmeshed in nets meant for tuna.

Much of the campaign debate between Wilson and McCarthy has focused on safeguarding coastal waters from oil drilling, protecting state wilderness areas and regulating toxic substances.

Wilson's mixed record in those areas draws qualified praise from environmentalists.

"To get him to be good on the environment is like pulling teeth. But if you pull hard enough, if you write enough letters and make enough noise, you can get him to take the right position," said Dave Bunn, the director of the California Public Interest Research Group, which lobbies for environmental causes.

Most environmentalists agree that, in California, Wilson has been especially helpful in the struggle against offshore oil drilling.

"Sen. Wilson has always been on the forefront of the bipartisan delegation pursuing offshore protection. I have seen him break with his own Administration repeatedly and be effective in that regard," said Richard Charter, who represents a coalition of coastal towns that are opposed to more drilling.

Wilson disappointed environmentalists when he refused to endorse Proposition 65, the 1986 ballot initiative that tightened the regulation of toxics. The measure won overwhelming voter approval.

On the other hand, Wilson is given credit for backing legislation he had previously opposed that allows states to impose tougher tests than the federal government on pesticides.

The issue that has caused the most trouble for Wilson is his refusal to back Cranston's bill to grant wilderness protection to nearly 9 million acres in the Mojave Desert.

His position on the desert legislation, which he says would unnecessarily restrict public access to the desert, contributed to the Sierra Club's decision last June to endorse McCarthy.

Remembering the Central American Martyrs: There will be a meeting on Wednesday, Nov. 2, at 2:00 p.m. in the library at the USC Catholic Center for all interested in helping to plan this year's Commemoration in honor of the martyrs of Central America.

Attention Friends of the People of Central America: Loyola Marymount University is hosting the Los Angeles premiere of Nicholas A. Patricca's, THE FIFTH SUN. There are five suns in the Mayan cosmos four of them represent cultivation, rain, life and death . . . THE FIFTH SUN is a human being whose destiny is the salvation of people. On March 24, 1980, while saying Mass, Oscar Romero, the Archbishop of San Salvador, was assassinated. Nicholas Patricca's powerful drama tells the story of the people and forces that transformed this quiet man into an outspoken leader. Performances are scheduled for November 10, 11, 12, 16, 17, 18 and 19. Tickets are available through LMU ticket office (213) 642-4011. ($5.00).

YOUNG ADULT CONFERENCE ANNOUNCEMENT: Everyone age 18-35 is invited to attend the L.A. Archdiocese 6th Annual Young Adult Conference, January 27-29, at the Pasadena Center. (Reduced fee if registering early.) For a registration guidebook, contact Sr. Anne Davis or call the Young Adult Ministry Office at (213) 251-3342.

FROM THE DEAN'S OFFICE

THANK YOU to all who helped make the Halloween "Haunted Campus" such a success last week! Sr. Anne Davis and her assitants did a marvelous job in organizing (and mobilizing!) the entire Doheny community in an effort that was enjoyed by everyone involved. Your efforts are very much appreciated by all of us at Doheny: you truly made possible a "safe Halloween" for our neighborhood children.

* * * * *

Your continued active support of "The Wednesday Series" events was in evidence last week as we heard from the representatives of Gov. Michael Dukakis and Vice President George Bush. Your interest is greatly appreciated, as are your excellent questions for the speakers! The results of the Mount Vote on the Presidential Campaign are as follows:

GOV. MICHAEL DUKAKIS	77%
VICE PRESIDENT GEORGE BUSH	21%
NEITHER CANDIDATE	2%
	100%

THE NEXT "WEDNESDAY SERIES" PROGRAM WILL BE AN ELECTION POST-MORTEM CONDUCTED BY MSMC COMMENCEMENT SPEAKER MARYANN DOLAN AND PANEL, WHICH WILL BE HELD THIS WEDNESDAY, NOV. 9, FROM 1:10 - 2:40 AT CHALON (ALL-COLLEGE EVENT) IN THE LITTLE THEATER. HOLIDAY IDEAS? The plans are in the offering for a Christmas Mini-Boutique to be held in early December. Right now we are looking for those of you with a talent or creative spirit to open a booth and sell items for the event. You make what you sell! In other words, if you like to make your own decorative greeting cards, or if you are a ceramic enthusiast with some items to sell, pick up an application at the board in Bldg. 4 and sign up for the event. If you'd like more information, please come by Bldg. 7, Office 4, and ask. This is only as good as the number we get involved. UNITED WAY: IT BRINGS OUT THE BEST IN ALL OF US The United Way Campaign will soon be under way, and we will be calling on you to assist those in need. United Way is the largest single voluntary organization through which citizens can express and channel their concern for people in need. AIDS, homeless, gang violence, adequate care for the elderly and young, drug abuse and illiteracy are of primary concern to the United Way and its network of member agencies. The House of Ruth, an emergency shelter for homeless women and children, has called with a desperate need for funds to keep their doors open. It is possible to designate your United Way contribution toward the House of Ruth. Lupe Ayala is the student coordinator for our United Way Campaign. More information to come.

FROM CAMPUS MINISTRY

T H A N K Y O U ! T H A N K Y O U ! T H A N K Y O U !

Many thanks to everyone who got involved in the Halloween Haunted Campus. Halloween was indeed a safe and fun one! The children loved it! The parents too! All the little ghosts and goblins were safe. The only "incident" reported was when a little witch threatened to turn one of the sisters into a frog!! Draculas even said "Thank You"!!

SHUTTLE TO THE POLLS!!!

Vote Tuesday, Nov. 8. Shuttle service will be provided at 8:30, 9:30, 10:30, 11:30, 2:00, and 3:00 for all who will be voting at Norwood School. Sign up in Ahmanson Commons. It is important to VOTE!!! You can make a difference.

It is important that you go to the polls prepared and informed. There is much misinformation, confusion, and contradictions surrounding the issues. Many of the issues concern the poor and alienated of our state with a definite relationship to Gospel Values. Please check the Campus Ministry Board in Bldg. 4 for information on the positions taken by various Church-related groups.

I THANK YOU.

IT WAS A SECURE, DELIGHTFUL,(VERY SCARY), ENJOYABLE EXPERIENCE FOR EVERYONE. ALL THE PREPARATORY WORK SEEMS TO HAVE BEEN VERY MUCH WORTH IT.

MAYBE NEXT YEAR WE CAN HAVE IT RUN FOR THREE OR FOUR NIGHTS. (JUST KIDDING!)

MUCHISIMAS GRACIAS

BE CAREFUL! STAY ALERT! There have recently been a few rapes/rape attempts at USC. Due to our close proximity to their campus, we must all be extra careful and alert. The suspect is about 5 '8" in height, a light-complexioned black man with a thin mustache. He attacks victims usually at their cars, taking the car and the victim in the process of the crime. PLEASE be careful -- both day and in evening hours -- be alert to any suspicious characters on campus and report them if you suspect trouble. It is better to be safe than sorry. Above all, keep your wits about you and watch for the safety of yourselves and others.

A reception will immediately follow and again everyone is welcome.

FROM THE CAREER CENTER

Careers for Liberal Arts Students: Are you in the Liberal Arts Program and wondering what you will do after graduation? If you are, visit the Career Center, talk with Sr.Colleen and brouse through our books. Spend some time with an excellent book called Liberal Arts Jobs.

More and more companies are looking for students who are dependable, who know how to do research and who have strong communication skills. These companies are more concerned with skills than majors and wish to train their own employees.

Watch future issues for ideas for specific fields for liberal arts graduates.

ATTENTION . . . ATTENTION . . . ATTENTION:

For FREE BLOOD PRESSURE READINGS for facutly and students, come to Ahmanson Commons Monday, Nov. 14th, from 12:30 - 2:00 p.m. Everyone should have regular blood pressure checks.

EARLY CHILDHOOD MAJORS

Early Childhood Education majors recently formed a sorority called PI CHI EPSISON -- which stands for Physical and Intelletual Children's Education. We are all looking forward to an exciting and successful year. The president of the group is Elizabeth Lopez; vice-president is Gaby Nunez; secretary is Dana Hughes; and treasurer is Sandra Carr. If you have any questions or suggestions, please feel free to contact any one of us.

FROM THE MUSIC DEPARTMENT

The Music Department will present a special chamber music concert featuring the Artists-in-Residence Murray Adler, violin; Frederick Seykora, cello; and Chet Swiatkowski, piano. This steller cast will perform Haydn's Trio No. 30 in D Major, Mendelssohn's Trio in D Minor, Op. 49 and one of the all time favorites of the chamber music repertoire, the "Archduke" Trio in B-flat, Op. 97 by Beethoven.

This concert will take place on Saturday, November 19 at 8:00 p.m. in the College Theater, and will benefit the newly established Mount Young Pianist Competition fund. Admission is $10.00 general and $5.00 students and senior citizens.

WAR & REMEMBERANCE

Sr. Anne Marie, who contracts for studio locations for the college, reminds you of her memo in Spring of '87: "'War & Rememberance'," slated for the 1988 TV-season, finds Roosevelt, Churchill and Stalin at the 1943 conference table [watched over by the Pompeian Room gold-leafed amoretti] . . . The South Garden becomes Villa Casablanca in North Africa-complete with American, British and Russian military reporters, photographers and officers." Enjoy catching sight of the Doheny campus as you watch the mini-series that opens Sunday night, Nov. 13. (Remember the "Winds of War" wedding party — same cast as "Rememberance"-filmed years ago in Mary Chapel at Chalon? And know that location fees from both TV-films ane in the Mount's scholarship funds.)

FROM THE STUDENT SERVICES AREA

A LESSON TO BE LEARNED! On Wednesday, Nov. 9, the Wednesday event was held at the Chalon Campus. For this purpose, we offered to arrange for shuttle service. Twenty-two Doheny students signed for this purpose, and two shuttles were sent from Chalon to take the passengers. In addition, the regular noon shuttle also was dispatched so there was plenty of room available for all.
A total of only 7 of those signed up showed up! This was a complete waste of time, energy and money! In the future, if you sign for something, be there! If your plans change, notify someone early enough so that extra work can be avoided. Please be considerate!

CHRISTMAS FAIR! Come on! Where are all the talented people of the Doheny Campus? There must be some people with special items they make for the holidays -- or maybe your Mom, Aunt, Grandmother, or Friend does the making -- and you'd like to sell some of these in order to make some extra spending cash for the holidays. If you would like to have a table for the Fair, sign up in Bldg. 4 (applications on board) or in Bldg. 7. What you sell is yours to keep. No fees charged to participate. (In the past, we have had homemade cards, toys, plants, crocheted items, Christmas ornaments, calendars, candles, wrapping paper, etc.) Dates are December 12, 13 at noon time -- locations will be given depending on the weather.

An effective retreat with persons who have developmental disabilities, such as mental retardation, requires that each retreatant has a "retreat partner" who will share the weekend retreat experience with him/her. Registration forms are available at Campus Ministry, or call Fr. Bill Collins for further information (213) 251-3232.

FROM THE CAREER CENTER

Since liberal arts graduates will be seeking entry level positions with opportunities for advancement, the area of human resources/personnel deserves their attention. The term "human resources" describes all the functions associated with the efficient use of the time and talents of employees within an organization. Watch for the title "Assistant" as you pursue human resource possibilities. Personnel assistant, job analyst, compensation analyst and labor relations researcher are among the titles of entry level positions. Visit the Career Center and read more about them in either Liberal Arts Jobs or the Occupational Outlook Handbook.

FROM THE ADVISEMENT CENTER

"EARLY" REGISTRATION: There are some students who have not yet met with their advisor for Spring registration advisement. Please contact your advisor and let him/her know of your Spring '89 plans, even if you are not going to file your registration at this time. It is important that you communicate with your advisor so that he/she can offer you some suggestions, clarifications, opinions, etc. . . Please do this BEFORE Final Exams week.

FINAL EXAMS WEEK: During this time, schedules of advisors may be changed. Try to take care of needed signatures, etc., before this time; if you cannot, or if something "new" develops, please be aware of appointment schedule changes. If you wait until the last day, December 20, your advisor may not be available.

RECOMMENDATION LETTERS: Attached to this issue is a golden colored sheet with suggestions for you when requesting someone to write a recommendation letter. Often around this time of year, and also in April, students need a letter of recommendation; please do not wait until the "last minute"; plan ahead. Maybe you don't anticipate needing one now, but it may be something you'll need later. Please KEEP the attached sheet.

FROM RESIDENCE

SPRING RESIDENCE: If there are any commuters who wish to move into the dorms for the Spring Semester, please come by the Residence Office this week (Bldg. 7, Office 4) to sign up for a room choice. Current students are already filling out their forms so we need to get the newer dwellers set before the Christmas break.

STREET SMART WOMEN! Due to some of the recent crimes in our area, Lt. Art Blair from USC Security will be on campus this Tuesday, December 6, from 6:30 to 8:00 p.m. in Donohue. All students are invited -- and in fact, please plan to attend this worthwhile presentation. He will be giving some ideas on safety for your person, what to do in case of an attack, ideas on Date Rape, and a general offering of information from his experience of years working on the University Campus. Plan to atten!

FROM STUDENT SERVICES AREA

MEASLES, ANYONE? As you must know by now, there is an outbreak of measles at USC and some other Colleges in L.A. As part of the preventionary measures, USC has been giving immunization shots at their Health Services, as well as here at Doheny last Wednesday. If there are still some of you in need of the shot -- that is if you have never been immunized, if you are not sure if you have been immunized, or if you were given your shot prior to 1978 -- please sign the paper on the door of Office 4, Bldg. 7, by Wednesday of this week. If there is a large enough response, we will ask USC if they can send over the vaccine again. Please be sure to take care of this -- you do not want to catch the measles!

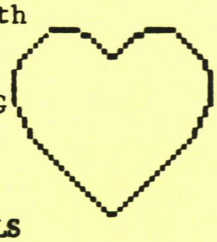

CHRISTMAS FAIR: Wheels are aturnin' and plans are being made for the Annual Christmas Fair on Monday and Tuesday, December 12 and 13. Place still to be announced but the time will be from 11:30 a.m. to 1:30 p.m. both days. There is still time to reserve a table for your Club or for yourself. We need all the groups/individuals we can to make this a festive affair for all. (By the way, be sure to bring your cash and buy, buy, buy!!)

ASKING FOR LETTERS OF RECOMMENDATION

Faculty and/or Administrative Staff members are happy to write letters of recommendation to help you obtain a scholarship, a job, an internship, or acceptance at a graduate school. But remember that, when you ask for one, you need to observe a few points of courtesy and thoughtfulness.

1. GIVE INSTRUCTORS, OR WHOMEVER YOU ASK, ENOUGH TIME TO WRITE YOUR LETTER.
 They are glad to help you, but dropping off an address in the morning and saying that the deadline for mailing is that afternoon is not only unfair to the instructor but disastrous for your chances of getting what you're applying for.

2. GIVE THEM YOUR FULL NAME.
 Your form may be the fourth one received that day, so be sure your full name is on it and that you've filled in all the appropriate blanks.

3. LET THEM KNOW WHY YOU NEED THE LETTER.
 Is it for a scholarship, internship, job, acceptance to graduate school? It makes a difference for the person writing the letter.

**4. REMIND THEM ABOUT YOUR ACTIVITIES AND ACCOMPLISHMENTS.
 Your history or chemistry instructor, your advisor or whomever you ask,may not know about your ASB and/or Campus Ministry involvement or your volunteer work at Juvenile Hall, etc., so jot down this information for them, and your letter will be much more interesting--and much more descriptive of you.

5. PROVIDE A CLEAN, FRESH, ADDRESSED AND STAMPED ENVELOPE.
 You don't want your letter to arrive in a tacky envelope because that makes you look tacky, too. And if someone takes the time to write a recommendation, you wouldn't want them to pay for the postage, would you?

Re: Financial Aid for 1989-90

It is now time to apply for financial assistance for the upcoming academic year, 1989-90.

With the rising cost of education, financial aid often provides you with the opportunity to attend the college of your choice. Since there are so many factors in determining eligibility for financial aid, don't make the mistake of automatically disqualifying yourself.

The Student Aid Application (SAAC) may be picked up from the Financial Aid Office (Building 10) between the hours of 9:00-12 noon and 1:00-4:00 ONLY, on Monday, Tuesday, and Thursday. Please take the time to complete the 1989-90 SAAC and submit it early. NOTE: Be sure to submit your application after January 1, 1989. If you mail it before this date, the College Scholarship Service will mail it back to you unprocessed.

All California residents should apply for Cal Grant A, B, and/or C, whichever is appropriate.

REMEMBER, THE DEADLINE FOR APPLYING FOR CAL GRANTS IS MARCH 2, 1989.

TAKE ADVANTAGE OF THE WONDERFUL OPPORTUNITY FOR BOTH ENRICHMENT AND ACADEMIC CREDIT!

FROM THE ADVISEMENT CENTER

TRANSFER OF CREDIT CLEARANCE: " A student...must file a Transfer of Credit Clearance with all approvals...prior to registration in the course for which approval has been obtained." This is an excerpt from the the MSMC Catalog. The entire ploicy regarding taking classes elsewhere after enrollment in MSMC is found on page 49, 50 in the '88-'89 catalog and on page 47 in the '86-'88 one. PLEASE follow the policy. Before bringing the form to the ADVISEMENT CENTER, make sure you have ALL of the necessary signatures/approvals. Be sure that you do the paperwork BEFORE you enroll in a class off campus. Until the form has been completed, reviewed by the Director of Advisement and signed by the Dean of the Campus, you cannot be sure that the course is approved.

When you do fill out the Form, please do not put the section number for the course number. In most community colleges class schedules, the title of the course and the course number are at the top of the listing of days and times; the section (index) number is below with the listings. Almost always the completed Form does not have the correct information and has to be corrected. Please ask someone in the Advisement Center if you do not know how to fill it out. PLEASE BE SURE TO DISCUSS WITH YOUR ADVISOR YOUR PLANS; do not presume that you may take classes off campus. CHECK with him/her regarding the RESIDENCY requirement; we have a revised one. The changed policy is contained in the '88-'89 catalog on page 52, #4; This is the policy that is now in effect.

PLEASE SAVE this information. Even though you think you may never need this, SAVE it so that is case...!

ADVISEMENT CENTER HOURS: The Center schedule is not settled due to changes in student worker schedules. As soon as that is completed, we will POST the hours on the Advisement Board in Bldg. 4 and in Bldg. 7.

FROM CAMPUS MINISTRY

YOUNG ADULT CONFERENCE: This weekend January 27, 28, 29---is the Young Adult Conference at the Pasadena Convention Center. If you need a ride, please stop by the Campus Ministry office to make arrangements.

FROM THE DEAN'S OFFICE

CONGRATLUATIONS to Luz Maria Luzalde, Doheny transfer student and now a Chalon Senior (Child Development), who recently had her research paper accepted for presentation at the annual conference of the Western Psychological Association, to be held in Reno in late April. Luz is one of the seven students selected from the Mount to present papers at this conference--an umprecedented success for the College, or for any college this size.

Luz teamed with Lorelei Baylen last summer to interview children about their concepts of health, illness and the immune system. Their sample includes children of many ethnic backgrounds (including some from rural Mexico), and their findings suggest interesting cultural effects on the ways that children understand their own health.

We're very proud of Luz and all the students selected for this honor!

For the next several issues, we will be including some basic information on Earthquake Preparedness, which each of us living in Los Angeles should know.

In addition, new signs are being posted throughout the campus. It is important that each person be aware of the information they contain. It could save your life.

WHAT TO DO DURING AN EARTHQUAKE

If you are inside -- stand in a doorway; or get under a desk, bed, table, or bench (this is called "duck and cover"); or get in a hall, against a wall, away from windows and glass dividers. Do not dash for exits, since stairways may be broken and jammed with people. Never use elevators in case power fails.

If you are outside -- stand away from buildings, trees, telephone and electrical lines. Beware of falling debris, especially glass from windows.

If you are on the road -- drive away from underpasses, overpasses, trees, telephone and electrical lines. Stop in a safe area. Stay in the vehicle.

More next week on some preparations you can make . . .

OUR NEXT WEDNESDAY SERIES EVENT!

WEDNESDAY, MARCH 1, 1:10 - 2:40 p.m.
Donohue Center

"F O C U S O N H O M E L E S S Y O U T H"

Featuring: Father Richard Estrada and kids from Plaza Church. Representatives from the following agencies will be available to share their programs and the ways each of us can help "The Homeless" in our city:

St. Joseph Center House of Ruth
Catholic Worker Angel's Flight
Good Shephered Center for Women

PLEASE JOIN US!

EARTHQUAKE PREPAREDNESS

Leaving Buildings: During quakes of lesser magnitude, it is not necessary to evacuate buildings. However, during large quakes, or when structural damage has occurred, leaving the building is a must. You might have to crawl on all fours as walking could be difficult or impossible. Do not use elevators. Use stairs and do not panic!

Meeting Area: Since it will be important to have everyone together for information sharing and accountability, we have designated the north lawn area, the area in front of #4, as our Doheny gathering place. Here information can be given and decisions made which will undoubtedly include the assigning of tasks to all of us -- these might include child care, rescue operations, supply coordination, security, etc. All must be prepared to do what they can to help others -- calmness needs to prevail!

More next week . . .

Graduation

GRADUATION '89! Yes, that's right -- we are starting to get set for the BIG events of May 13 and 14. Graduates have by now received their first information packet. If you plan to graduate in May and have not received your packet, please see Sr. James Marien (in Bldg. 7) TODAY! Do not put this off as it might mean you are not on the registrar's list. Check today. Also, be aware of the portions of the Bldg. 4 Bulletin Board marked "Graduation '89" and check it daily for any pertinent news on the celebrations.

LAUREL AWARDS Traditionally on the day of the A.A. Hooding here at Doheny, we also honor students with an awards ceremony. One of these areas for awards are those given by their peers to students involved in all-college and/or campus co-curricular activities. Graduates receive nomination forms in their packets. Other A.A. students are invited to hand in their nominations by using the forms available in Bldg. 4. Please pick one up today and fill it out. The due date is WEDNESDAY, MARCH 15. We really want these awards to represent the students at Doheny, so be sure to voice your opinion!

PLEASE JOIN US!

SIENA DAY

The following schedule has been developed by the Wednesday Series Coordinators for the all-College Siena Day celebration, "**For the Love of Our Planet**," to be held on the Doheny Campus on **Wednesday, April 26**:

12:00 - 1:00	Lunch and Environmental Fair
1:10 - 2:40	Keynote Speaker and Closing Activities

Since no classes have been scheduled from 1:10 - 2:40 p.m. on that date, all students can attend the presentation by the keynote speaker. In order to allow all to attend lunch and the Environmental Fair, any classes that meet from 12:00 - 1:00 p.m. will also be cancelled.

See you all there!

Through the end of this week, instructors will be issuing Mid-Semester Notices to students who are not achieving a "C" or better in their classes. Notices are given at this time so that students have the opportunity to bring up their grades before the end of the semester.

MARK YOUR CALENDARS!

On Sunday, May 6, following the Mary's Day celebration at the Chalon Campus, there will be an ALL-COLLEGE CELEBRATION HONORING SISTER MAGDALEN COUGHLIN, President of Mount St. Mary's College. As you are aware, Sister Magdalen will be retiring as President at the end of this academic year. The entire Mount community is cordially invited to attend the reception honoring Sister Magdalen for her unceasing efforts in behalf of the College. Please join us on Sunday afternoon (following the academic awards Convocation) from 4:00 - 6:00 p.m. in the Campus Center at Chalon.

You will be receiving "formal" invitations to this very special event--and we would appreciate your early R.S.V.P. You will be hearing more about this celebration in the weeks to come...but mark your calendars now! We hope to see you all there on May 6th!

CONGRATULATIONS to IRMA GONZALEZ and ELIZABETH LOPEZ! Both of these students from Doheny ran in the L.A. Marathon and FINISHED the race in under seven hours.

EARTHQUAKE PREPAREDNESS

What more can you do to be prepared? In a major earthquake, policemen, firemen and paramedics will become victims, too. Your job is to make sure that you aren't unnecessarily injured. The best way to do this is by eliminating potential hazards in your home, office, etc. What are they? Foresight and common sense are all that are needed as you go from room to room, imagining what would happen in an earthquake.

A few points:

1. Beds should not be directly under glass windows. They should not be next to tall, heavy furniture, bookcases, or filing cabinets, either.
2. Large objects such as TV sets, refrigerators, or computers on wheeled bases should have the wheels in the locked position. Otherwise, you might have the Saturday Night Live cast in bed with you during the big one!
3. Unlatched cabinet doors will fly open in a good jolt.
4. Breakables and/or heavy objects should be displayed on a low shelf.
5. Never place heavy picture frames or mirrors over couches, beds or other well occupied places.

More next week on the Hazard Hunt.

If you would like to sign up now--while you are thinking of it--come by Bldg. 7 or call Sr. James. We will send out reminders closer to the actual date so you won't forget. We need every person we can get since we fell below our quota in the Fall. Please help!

GRADUATION 1989! Several questions have come up concerning the events of Graduation Week, and we realized that some of you might not know about all the components of our celebrations for the Class of '89.

Some events are specialized for the various programs, and some are shared by all the graduates. The Masters program holds its Hooding on Thursday, may 11, on the Doheny Campus. The Baccalaureate program has an Honors Convocation on Mary's Day, Saturday, May 6, and a Hooding ceremony at their Baccalaureate Mass on Saturday evening, May 13.

Special to the Associate programs are two ceremonies:

A.A. HOODING AND AWARDS CEREMONY - (traditionally known as Laurel Day) - held at 2:00 p.m. on Saturday, May 13, in front of the Doheny Mansion. The Hooding Ceremony dates back to medieval times and marks the conferring of colors on a person receiving his/her degree. The President of the College (Sr. Magdalen Coughlin) "hoods" each graduate with the Associate style hood in black with a purple and gold stripe (the College colors). Awards are also presented by the College, academic departments and special areas to both graduates and other Associate students. A festive reception follows on the South Lawn for all in attendance.

COMMENCEMENT EXERCISES - Held at 2:00 p.m. on Sunday, May 14, on the Chalon Campus for ALL graduates of Mount St. Mary's. This is the All-College celebration for the Class of '89 and is the traditional ceremony where the diplomas are conferred by Sr. Magdalen. The various components of

the College -- faculty, administration, Regents, Trustees, and the Class of '89 from the Associate, Baccalaureate and Masters programs -- process into the Circle area in full academic dress. Because we are a small College, each graduate gets her/his moment in the sun by walking up individually to receive the diploma. A speaker from the Associate program (voted by the A.A. graduates) gives the Welcome Address, and one from the Baccalaureate program (voted on by the Bachelor graduates) gives the Student Tribute. Family and Friends are invited.

** A.A. students who are not graduating are invited to be in both ceremonies as part of the Honor Guard. If you would like more information, contact Sr. James.

FROM FOOD SERVICE

The Doheny Cafeteria has been running short on silverware, e.g. forks, knives, and spoons as well as salt and pepper shakers, at an alarming rate. Please *do not* take these items out of the dining room; instead, use plastic ones provided. Your cooperation is appreciated.

Michael Smith
Food Service Director

FROM THE OFFICE OF THE PRESIDENT

The Catholic Discussion Group and the Center for Theology and Ministry are sponsoring a Forum to be held in the Lecture Hall, Chalon Campus on Wednesday, April 5, 1989 at 12 noon to 1:30 p.m.

The topic of the Forum -- "Fundamentalism, Cults, Catholicism: How do they all fit?" -- we hope will be one of particular interests to you. The topics to be presented for discussion will include:

- the social and psychological factors which influence the rise of fundamentalism and cult movements.
- the views of God and the Human Person in the Catholic tradition and in current fundamentalist movements.
- the varying perspectives on time, history and tradition in fundamentalism, cults, and Catholicism.

Box lunches will be available in the Circle at 11:30, and picnickers are welcome to the Forum. This promises to be an event of interest and quality. I urge your participation. I look forward to seeing you on April 5.

Sr. Magdalen Coughlin

"EYE" THANK YOU

I would like to thank everyone who donated "old" eyeglasses to be sent to New Eyes for the Needy. Through our combined efforts, I was able to mail 50 pairs to them! Please keep in mind that this an ongoing project and I will gladly receive glasses your may wish to discard. Thanks again for all your help.

Mount St. Mary's COLLEGE

TO: Doheny Community

FROM: H.O.P.E. Center, Sister Anne Joachim Moore

DATE: March 6, 1989

You demonstrated warm friendly interest in H.O.P.E. last fall when all we had to our name was some grant money. I know your interest is even warmer and friendlier when we have students to talk about. We are at mid-semester of our first offering and I want to tell you how it looks now. We inaugurated the two semester Coding Specialist and Medical Transcription Specialist programs off-campus in Torrance at Little Company of Mary Hospital. We have had one drop-out (she was working two full-time jobs) and what follows will give you an impression of the enrollment and student profile.

Student enrollment and profile

Total number enrolled - 33

Medical Terminology class - 26
Human Body in Health and Disease - 10
Introduction to Coding - 16
Introduction to medical Transcription - 14

Total number of units enrolled - 232

Student Profile

The vast majority are female, mostly working in low-level, low-paying jobs with a variety of employers. Initial "eye count" noted Black, Japanese, Filipino and Latino representation among the enrollees. Age range is fom 20 to 64 years with a mean age of almost 37 years. Several students are unemployed or on Workman's Compensation and using the opportunity to retrain for new and different employment.

we are working on getting the three month Homemaker/Home Health Aid program going at Saint Jospeh Medical Center in Burbank before the month of March is out. Recruitment for this program is a bit slower.

An Internal Advisory Committee to H.O.P.E. meeting monthly since November has been very helpful. They have stimulated our exploration of several new areas of interest.

FROM THE MUSIC DEPARTMENT

The Mount Chorus and Mount Singers, directed by Mr. Frank Brownstead, went on tour in northern California during Easter recess. They resided in San Raphael and sang at the following places: Lowel High School, George Washington High School, and at St. Brigid's Church, all at San Francisco; at Oceana High School and Terra Nova High School in Pacifica, California; and at Leigh High School in San Jose. We appreciate your support of the fund raising efforts of the Mount Chorus, and we encourage you to continue to support them as they represent the College in all of these endeavors.

A NOTE OF THANKS

I would like to thank all faculty, administrators, staff and students who participated in the production of the video on the Chalon and Doheny campuses on March 15 and 17. Your cooperation with delays, changes in schedules and last minute needs is greatly appreciated.

Set up will occur throughout the week of April 10 and parking spaces in front of Building #8, #1 and #2 will be utilized for equipment, etc., and therefore not available to Mount personnel or students. Please park elsewhere during that week.

Your cooperation during this time is greatly appreciated. This event could prove to be most helpful in increasing the amount available for financial aid.

Thank you!

--Sister Kathleen Kelly, Dean

"LIVING WITH OUR FAULTS"

As some of you might be aware, April has been designated as Earthquake Preparedness Month in California. In keeping with this idea, we are having Kathleen Hartman present QuakeSafe program on Wedneday, April 12, at 1:10 p.m. in Donohue.

QuakeSafe is an educational organization dedicated to teaching people how to reduce their losses in a damaging earthquake — or the "Big One" as it's sometimes called. The program is very worthwhile with lots of tips on how to take care of yourself, your family, your home, your workplace, etc.

We will be selling their "Earthquake Survival Guide" for just $4.00 — an excellent booklet on how to improve our E.Q.I.Q. (our Earthquake IQ). Plan to attend, take notes, and pick up a booklet. All faculty, staff, students and guests are invited to attend.

FROM THE ADVISEMENT CENTER

INTERCAMPUS TRANSFERS FALL '89: As you receive word of your acceptance, you will be given directions regarding advisement; if you are to see someone other than your current advisor, you will need to contact him/her; this advisor is for Fall '89 and you will need to contact him/her for Early Registration. Rita Veatch will be on campus Tuesday, April 25, for those accepted into the Nursing Program. Please CONTINUE to meet with your current advisor for your A.A. Program needs.

If you haven't received a "word" from Chalon Advisement Center, don't Panic!

Those students who did not yet file their applications or those who were not eligible to do so at this time, may turn in their applications by May 18 or by August 7. If you are aiming for either of those "deadlines", please remember that you need both your advisor's and the Dean's signature by the deadline. For all who have completed their applications: Remember, you will be notified in time for Early Advisement/Fall '89.

SUMMER SCHOOL: Some students have expressed concerns about attending summer sessions. Details regarding procedures will be forthcoming (end April and early May) in the Doheny Happenings. For now: If you are planning to attend summer sessions off campus, request the schedule of classes from the institution an check with the Advisement Center as to transferability to MSMC. If the school of your choice is out of state or in Northern California, it may be necessary to get a description of the course(s) and/or obtain a catalog. There a number of catalogs in the Center, but we do not have all schools represented.

48-HOUR BOARD: Please check this board for messages from advisors. Take only yours. Please do not take any that do not belong to you. It often happens that you intend to be helpful to your friend(s) and so take the message for them; but you forget and the friend(s) never get the message. Simply inform you friend(s) that there is a note on the 48-hour board for her/them.

FROM THE PHYSICAL FACILTIIES DEPARTMENT

Starting Monday, April 17th, we will be reparing the drainage problems on the road at the Carondelet Center tunnel. We will need to divert traffic during construction; students and staff members will need to detour on the road in front of the Carondelet Center. Please drive carefully and slowly as there is pedestrian activity in the area. Repairs should take most of the week. Thank you for your cooperation; it will be worth it!

EARLY ADVISEMENT FOR FALL 1989

Those students accepted into the NURSING department for Fall '89 need to sign up for an appointment with Rita Veatch. She will be on campus in the Pre-Health Science office on Tuesday, April 25 from 8:00 - 2:00 and Wednesday, April 26 from 8:00 - 10:30 a.m. (Sign up sheet is in Bldg. 4).

Advisors will be available to assist you with your schedules and forms, but you need to check the times and days that they are available. If they are not available at your schedule, please leave them a message of where and when they can contact you; teaching and other reponsiblities necessitate the schedule that they post; hopefully, you can mutually arrange a time for advisement. Please do PRELIMINARY PLANNING BEFORE MEETING with your advisor. (You are now "experienced' college students and have a knowledge of your direction.) Use your catalog to assist you; also, go the Advisement Center for assistance from the PEER ADVISORS.

ALL STUDENTS: PLEASE PLAN AHEAD! FILE EARLY. Students will NOT be advised nor be able to file their registration from JULY 27 throught SEPTEMBER 7. As we begin to advise the INCOMING students, classes will fill up and if you have not filed early, you may not get the classes you planned to take.

SUMMER SCHOOL: Most of the community colleges will be starting classes June 28; if you are planning to attend classes off campus during the summer, you need to obtain a TRANSFER OF CREDIT CLEARANCE FORM from the Registrar's Office. You need to get the necessary signature/APPROVALS before returning the form to the ADVISEMENT CENTER. If you are not sure about transferability, check at the Advisement Center/Peer Advisors. The nine LOS ANGELES COMMUNITY COLLEGES do not have their schedule of classes available, yet. It may be necessary for you to come after May 14, but try to get everything completed before then, if possible.

REMEMBER: There are several classes being offered on the Doheny Campus this summer at a GREATLY REDUCED rate. Why not do your General Studies right here and avoid the hasstle of paper work? Some of them ae UPPER DIVISION. Students moving into the BACCALAUREATE programs at Chalon campus do need 45 upper division units, and you CANNOT get those at a community college. Look into MSMC Summer School courses.

FROM THE ADVISEMENT CENTER

George Bachman, counselor from Cal State L.A., is on campus MAY 1 from 9:00 a.m. to 1:00 p.m. Please be prompt for your appointment; if you cannot make it, please call in to notify him.

SUMMER SCHOOL: Most of the community colleges will be starting classes June 28. If you are planning to attend classes off campus during the summer, you need to obtain a TRANSFER OF CREDIT CLEARANCE FORM from the Registrar's Office. You need to get the necessary signatures/APPROVALS before returning the form to the ADVISEMENT CENTER. If you are not sure about transferability, check at the Advisement Center/Peer Advisors. The nine LOS ANGELES COMMUNITY COLLEGES do not have their schedule of classes available yet. It may be necessary for you to come in after May 14, but do try to get everything completed before then, if possible. If you are repeating a course, you ALSO need the REPETITION OF COURSE form.

REMEMBER: There are several classes being offered on the Doheny Campus this summer at a GREATLY REDUCED rate. Why not do your general studies right here and avoid the hassle of paper work? Some of them are UPPER DIVISION; Students moving into the BACCALAUREATE programs at Chalon Campus do need 45 upper division units and you CANNOT get those at a community college. Look into MSMC Summer School courses.

REMINDER: Students will NOT be advised nor be able to file their registration from July 27 through September 7. This includes ADD/DROP slips. Remember to phone to verify that your advisor will be on campus AND AVAILABLE before coming to do advisement matters.

FROM CAMPUS MINISTRY

ASCENSION THURSDAY, MAY 4th, is a holy day. We will celebrate with a Mass at noon in the chapel. The Ascension is celebrated forty days after Easter in order that we might have the time between Easter and Pentecost to dwell on the miracle of Christ's Resurrection. Ascension Thursday is in the middle of a work week, and and important STUDY week. Come to Mass at noon to pray with others for what you are most in need of at this time.

"PROJECT CLEAN YOUR DESK" The time has come to do some spring cleaning!! "PROJECT CLEAN YOUR DESK" is an annual drive to gather school supplies for the students of Nicaragua. Imagine trying to do your school work without pens, pencils, paper, notebooks, desks, rulers, crayons or blackboards. That is what it's like for students in Nicaragua, especially after last October's hurricane. It swelled the poverty caused by the war. Funds for schools have shriveled. The educational situation is desperate. Nicaragua schools need your help! Bring your donations of school supplies by the Campus Ministry Office.

RECYCLE YOUR CLOTHES!! While you are cleaning your desk, also take a look in your closet and see what you are no longer wearing . . . PASS IT ON TO SOMEONE IN NEED. Bring any clothes (washed and folded) by the Campus Ministry Office.

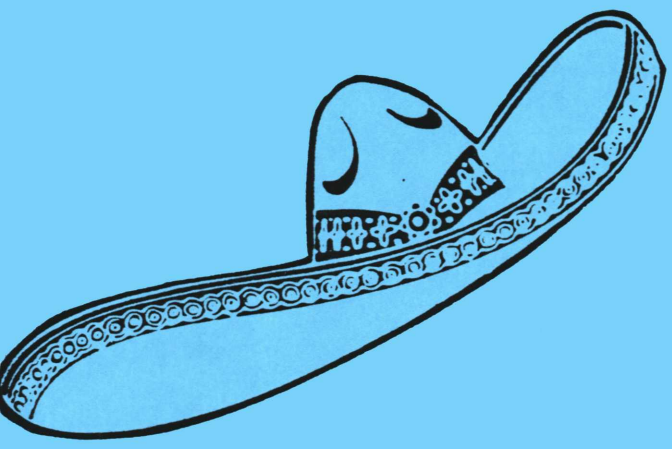

FINALS WEEK!! You are invited to stop by the Campus Ministry Office for a mid-morning snack to help you through the day. You may pick up a couple of calories, along with lots of encouragement!!

FROM THE CAREER CENTER

Thank you for supporting the Career Center this year. Please help us by returning the Job Referral Surveys as soon as possible. Just a few minutes of your time will help us improve services for you. Completed surveys may be left in BLdg. 7 or in Sr. Colleen's mailbox in Bldg. 10.

CINCO DE MAYO!

Celebrate Cinco de Mayo, Wednesday, May 3 from 11:30 - 2:30 in the patio of Bldg. 4 under the Linden Tree. Enjoy the Entertainment, the Pinatas and the Homemade Mexican Food. A.A. HOODING AWARDS CEREMONY

A reminder to faculty and staff that your presence at the ASSOCIATE OF ARTS HOODING-AWARDS CEREMONY will mean a great deal to our graduates. The ceremony is SATURDAY, MAY 13, at 2:00 p.m. If you plan to be in the Academic Procession, please assemble in Room 107 of Bldg. #4 no later than 1:30 p.m.

FROM THE ADVISEMENT CENTER

REGISTRATION/FALL '89: There are a number of students, both AA and Intercampus, who have not yet filed their registration. Please do this as soon as you can; don't delay. Beginning May 22, new students will be coming for advisement and registration. Not only does this mean you may not get your preferred schedule of classes, but also, your advisor may not be available. REMEMBER: You will NOT be able to be advised, file your registration, do add/drop, etc. from July 28 through September 7. Please do not forget these dates.

TRANSFER TO THE BACCALAUREATE PROGRAM: If you wish to transfer to MSMC Baccalaureate Program, your application with all signatures, including the Dean's, Sr. Kathleen Kelly's, is due by May 18. The final date is August 7. You need a minimum tranferable cumulative GPA of 2.25 and a minimum of 24 transferable units.

TRANSFER OF CREDIT CLEARANCE FORMS/SUMMER CLASSES OFF CAMPUS: If you are taking ANY classes off campus and wish to receive credit, you MUST file a Transfer of Credit Clearance Form. As stated in the January 23 issue of Doheny Happenings: "A student...must file a Transfer of Credit Clearance with all approvals prior to registration in the course for which approval has been obtained." Some students are confused with regards to the grading/credit for classes taken off campus. "Courses at another institution after matriculation are not counted into the cumulative grade point average." These quotes are excerpts from the MSMC Catalog. Policies regarding taking classes elsewhere after enrollment in MSMC are found on pages 49, 50, and 52 in the '88-'89 catalog and on pages 47 and 50 in the '86-'88 one.

When you do fill out the Transfer of Credit Clearance Form, please do not put the section or index number for the course number. In most community college class schedules, the title of the course and the course number are at the top of the listings of days and times; the section (index) number is below with the listings or over to the side. Almost always the completed form does not have the correct information and has to be corrected. Please ask someone in the Advisement Center if you do not know how to fill it out.

PLEASE BE SURE TO DISCUSS WITH YOUR ADVISOR YOUR PLANS; do not presume that you may take classes off campus. Check with him/her regarding RESIDENCY requirement; BEFORE bringing the Transfer of Credit form to the ADIVSEMENT CENTER, make sure you have ALL of the necessary signatures/approvals. Be sure that you do the paperwork BEFORE you enroll in a class off campus. If you are not sure about transferability of courses, check at the Advisement Center.

Until the form has been completed, reviewed by the Director of Advisement and signed by the Dean of the Campus, you cannot be sure that the course is approved.

The nine LOS ANGELES COMMUNITY COLLEGES do not have their schedule of classes available, yet. It may be necessary for you to come in after May 14, but do try to get everything completed before then.

REMEMBER: There are several classes being offered on the Doheny Campus this summer at a GREATLY REDUCED rate. Why not do your General Studies right here and avoid the hassle of paper work? Some of them are UPPER DIVISION; Students moving into the BACCALAUREATE programs at Chalon Campus do need 45 upper division units and you CANNOT get those at a community college.
